

# The Kings Pledge

## *Your guarantee of the best possible university offer*

A Kings Colleges® education is designed to provide the best possible university outcome for every student. We do not force students to choose from a limited number of preselected universities – we firmly believe this is not in the best interest of our students.

We encourage every student to aim as high as possible, and then help them build the path to achieving their goal.

As part of a carefully managed University Application Programme, we work closely with every student to target those universities which best match their individual needs, interests and academic credentials.

We are so sure that this is the correct approach, and so confident in its proven success, that we are able to make this firm guarantee to every student who follows a Foundation programme at Kings:

### **1. Advanced Level Foundation:**

**If you achieve 70% in the Advanced Level Foundation, we guarantee that you will receive an offer from a Top 25 university, or we will refund your tuition fees.**

### **2. All Foundation programmes:**

**If you satisfactorily complete any Kings Foundation programme, we guarantee you will receive an offer from a suitable UK university, or we will refund your tuition fees.**

This pledge is designed to guarantee the three aspects of a Kings Education® which make it the best option for international students:

- 1. The best possible university outcome**
- 2. The broadest choice of suitable universities**
- 3. The certainty of a university place**

Authorised on behalf of the Directors and owners of Kings Colleges®
